# Henderson's New Giant Darwin Tulips—General List

These popular late or May-flowering tulips are very stately and beautiful—producing immense flowers on tall sturdy stems attaining a height of from 2 to 3 feet. The flowers are models of perfection in form, lasting wax-like substance—and in a great variety of both dainty and richly brilliant colorings ranging from blush through pinks, rose, salmon-red, crimson, etc., to rich ox blood reds, from lavender through mauve light blue to violet purple, and from light brown to black. The centers of many of them are beautifully marked. The Darwins also include good tinted whites—and a clear yellow Mary Eaton Darwin Tulips are exceedingly effective when grown in groups of a dozen or more bulbs of one variety in the garden or herbaceous border with a back-ground of greenery. As cut flowers they are unsurpassable. The long stemmed, bold, durable flowers have a dignity and character exclusively their own. They can be successfully flowered in pots or pans in the house in winter if grown cool and not forced into bloom before March. The varieties marked \* are especially good for that purpose.

To aid in making selections of varieties for continuity of bloom, etc. we have indicated their relative time of flowering by the letters E, F, G. H, and I, the E's being the earliest to bloom. The height is also given but may vary. The bulbs should be spaced about 5 inches apart and base of the bulbs should be 5 to 6 inches does no because soils and 6 to 7 inches of the bulbs should be 5 to 6 inches deep on heavy soils and 6 to 7 inches deep on light soils.

We will supply individual bulbs of any sort described below at one-tenth of the dozen price. 6 Bulbs of a variety sold at the dozen rate, 25 at the hundred

Henderson's Border Collection of Giant Darwin Tulips

# **Cottage Tulips**

Cottage Tulips are so-called because found growing in the old cottage gardens of England, Scotland, Ireland and France where they had been established for 50 years or more. All are very beautiful, presenting a great variety in form and coloring, and having none of the stiffness of other tulips. For cutting, they are greatly prized on account of their long stems and graceful habit. They are specially adapted for hardy flower borders, where they should be planted in large clumps and masses. To aid in making selections for continuity of bloom, etc., the relative time of flowering is indicated by the letters E, F, G, H and I. Those marked E being the earliest. Those marked I are the latest to bloom. The normal height is also given in inches. In planting, the bulbs should be placed 5 inches apart and the bottom of the bulb should be 6 to 7 inches below the surface in light soils and 5 to 6 inches deep in heavy soils. If planted too shallow some may come blind. The varieties marked \* are especially good for winter flowering and forcing.

	Adonis. (G-21 in.). (Lily Flowered.) Long shapely reflexed petals, bright and vivid, rosy carmine red, white base		Per 100 \$8.00
	Alaska. (H-20 in.). A beautiful, large elongated flower with pointed petals of a golden yellow	1.25	9.00

dozen price.

MARKGRAAF VON BROEM

PARROT TULIP

early in the seventeenth century. They have been grown and sold quite largely in European countries ever since, and to a lesser extent in Amer-

ica; but are considered by many to be too gay for large plantings.

Nevertheless, for indoor decoration, in the month of May when they bloom, their vivid and contrasting colors are very welcome. For outdoor borders, and for planting among the perennials, there is nothing better; as they impart gay

coloring much wanted at that time.

The "Rose" Bybloemen tulips are those marked with crimson, rose, pink and scarlet on a white ground, and the "Violet" Bybloemen are those marked with blue, purple and violet also on a white ground.

They flower at the same time as the Darwin and Breeder varieties, and the culture is the same; but the stems are not so long. (See engraving.)

Rose Bybloemen Tulips, Choice Mixed Varieties..... \$1.00 Violet Bybloemen Tulips, Choice Mixed Varieties..... 1.00 We can supply individual bulbs of varieties described above at one-tenth of the

#### Tulip Clusiana

The Little Lady Tulip. A beautiful dwarf variety suitable for perennial borders and rockeries, should be planted two inches apart each way. Color white with cherry stripes. Price, \$1.00 per doz.; \$7.50 per 100; \$72.00 per 1,000. (See page 9).

### Bizarre Tulips

#### Parrot or Dragon Tulips

These belong to the late garden tulips, and have immense attractive flowers of singularly picturesque form and brilliant and varied colors. The petals are curiously fringed or laciniated on the edges, and the form of the flower, especially before it opens, resembles the head and neck of a parrot. Only the strongest bulbs of Parrot Tulips can be depended upon to flower. The smaller, younger bulbs often throw no flowers—or at best produce weak, sprawling stems. Our

Fantasy. (See color plate on page 2.) This recent product originated as a sport from Clara Butt, the well-known Darwin Tulip. Clara Butt is esteemed for its beautiful salmon pink color; and this sport Fantasy has inherited the same glorious color, except that the inside of the flower is more intense in color, and borne on stiffer stems. The height is 20 inches.

Each petal besides being elaborately laciniated is marked very distinctly in the center with a streak of apple-green.

This variety is also suitable for growing in pots or pans of soil in the window, attracting great attention wherever exhibited. Price, 15c each; \$2.00 per doz.; \$15.00 per 100.

Admiral de Constantinople. Red tipped orange.

Lutea Major. Bright yellow.

Monstre Cramoise.

Monstre Cramoise. Deep crimson, black center.

Perfecta. Yellow striped red.

Markgraaf von Baden. Yellow, scarlet and green. (See engraving.)

Choice Mixed Varieties. Per doz., 75c; per 100, \$5.50; per 1,000. \$53.00.

# Old Dutch Breeder

The vogue for this glorious type of the large late May flowering Tulips is gaining great impetus, through the introduction of many of the exquisite new varieties, described in the list below.

The Old Dutch Breeder Tulips appeal to all tulip lovers on account of their sturdiness, large size, and beautiful "art colors." In size they even outrival the popular Darwins. Under favorable conditions many sorts will grow over two and one-half feet high and bear enormous flowers of ideal form and great substance.

The colors of these tulips are most fascinating; including solid art colors (such as bronze, brown, buff, terra cotta) as well as many combinations of colors that are unsurpassably beautiful.

When planting the bulbs in the garden, they should be spaced about 5 inches apart and covered from 4 to 6 inches depending upon the nature of the soil.

They may also be flowered in pots or pans of soil or fibre in the house in winter if brought in from the cold frame or out-door plunge before the middle of January and then grown on cool and slowly in a temperature of about 60°. The early flowering ones—those marked F and G—will then flower in February and March—the later ones requiring a little more time. Too much heat is apt to cause them to grow spindling and inferior.

# **Triumph Tulips**

Triumph Tulips originated from crosses between Darwin and Early Tulips continued over a number of years, and are therefore the results of much painstaking effort by the breeders. They are sturdy and strong growers and have large and heavy flowers on strong stems. They bloom from one to two weeks ahead of the Darwin Tulips.

"The Tulip Bulbs 1 received this fall were the finest 1 ever saw."

Mrs. C. E. Beckwith, Manchester Center, Vt.

"We have a wonderful display of Darwin Tulips. We have dealt with this company for over 40 years so you will understand everything has given satisfaction and have recommended it far and wide."

Carrie McCrory, Fayette City, Pa

"My Tulips were wonderful this year, and I have room for a few more."

Mrs. Frank F. Gow. Schuylerville, N. Y.

### MAY FLOWERING GARDEN TULIPS

# HENDERSON'S Superior Double Early Tulips

Named Varieties including some Beautiful Novelties

The letters A, B, C, etc., following the varieties, indicate their earliness of bloom; the A's flower together and are the earliest; B's follow before the A's are out of bloom, etc. The height is indicated in inches to aid in arranging flower beds. When bedded it is generally advisable to use only one variety to a bed for best effect. The bulbs are planted 5 to 6 inches apart—and the depth should be according to the soil, in heavy soils 3 to 4 inches to the base of the bulbs and in light soils an inch or so deeper. Instructions for forcing in pots for Winter blooming will be found in our leaflet "How to Grow Bulbs" sent free with every order.

#### HENDERSON'S DOUBLE **Dutch Named Hyacinths**

All Select First Size Bulbs, not "Seconds" that may be sold at a lower price

Double Hyacinths are not as popular as the single-belled varieties; for as a class the doubles," although their individual bells are large and beautiful, do not make as wellfilled trusses. For this reason we confine our list of varieties to a few of the very best.

Price, 20c. each, \$2.00 per dozen, \$15.00 per 100

Isabella, enormous double bells, white suffused with rosy blush.

Bouquet Royal, double pure white bells on tall spike.

Groot Voorst, very large double bells of blush pink with darker center; good spike.

Noble par Merite, deep pink, very large fine double bells, tall spike, good forcer.

Goethe, salmon yellow with pinkish center; double bells and good spike.

Sunflower. Splendid deep-buff-yellow.

Blocksberg, light blue shaded darker blue; on tall spike.

Garrick, lavender tinted blue; fine compact spike of double bells.

Garrick, layender tinted blue; fine compact spike of double bells.

# Henderson's "Special" Hyacinths FOR BEDDING OR POT CULTURE WITHOUT NAMES—CHEAPER THAN NAMED VARIETIES—FAR BETTER THAN MIXED

They are the same age as the first size Named Hyacinth offered by us from which these are the second selection. They are of great value for bedding in designs, enabling one to obtain the exact color effect desired. In beds, borders, etc., set the bulbs 5 to 6 inches apart and 4 inches deep measuring from the top of the bulb. They are much used for winter blooming in pots. Plant or pot hyacinth bulbs between September and the last of November—the earlier the better—as it gives them a longer period to make roots before winter sets in.

Plant 1 bulb in a 5-in. pot, 3 bulbs in a 6 or 7-in, pot, 6 or 7 bulbs in an 8-in. pot or pan.

#### SINGLE SPECIAL

Crimson Rose Pink Snow White Lavender Blue Dark Blue Yellow **Mixed Colors**

# SINGLE DUTCH HYACINTHS

All "Select First Size Bulbs"—Not "Seconds" that are offered at lower prices

For bedding purposes varieties that flower at the same time must be selected. Varieties prefixed with a \* are especially suited for bedding as well as for pot culture.

PRICE, 20c EACH, \$2.00 DOZEN, \$15.00 per HUNDRED Six Bulbs of a Variety Sold at the Dozen Rate, 25 at the Hundred Rate

#### SINGLE TINTED WHITE

General Vetter. Large spike of waxy bells of a pleasing blush white.

Mr. Plimsoll, an old but good variety with large bells of blush white; large broad spike.

#### SINGLE BLUSH AND PINK

\*Gigantea, a popular old variety, a fine forcer; color blush pink shaded darker; spike large and compact.

Moreno, bright pink, large bells and tall well-filled spike, splendid for bedding and forcing.

#### SINGLE DARK BLUE AND PURPLE

\*King of Blues, dark glossy indigo blue, fine bells, compactly furnishing a tall well-rounded spike.

\*Marie, dark violet blue, large well-formed spike, good bedder.

#### SINGLE LAVENDER AND LIGHT BLUE

\*Grand Maitre, deep lavender blue with darker blue shading; very large and handsome spike.

\*Johan, beautiful silvery lavender tinged with rosy lavender; very large waxy bells and a grand broad spike.

\*Queen of the Blues, beautiful sky blue with a silvery sheen; large well topped full spike; not early but grand.

#### SINGLE YELLOW AND ORANGE

\*King of Yellows, rich deep yellow; tall handsome spike of large bells; not early.

Marchioness of Lorne, rosy salmon.

#### SINGLE DARK ROSE AND RED

\*Garibaldi, rich glossy crimson; splendid spike, well furnished with good-sized bells; early and a fine forcer.

\*Gertrude, bright carmine rose; fine compact, upright spike, excellent for either bedding or forcing.

\*King of the Belgians, (Roi des Belges) brilliant blood scarlet; fine, upright spike, splendid bedder.

#### SINGLE PURE WHITE

La Grandesse, purest snow white, tall well furnished spike of large bells; always admired.

L'Innocence, a very fine, pure white. spike massive; bells large.

#### **EARLY ROMAN HYACINTHS**

Roman Hyacinths are extensively used for "forcing" for cut flowers. The white Roman Hyacinth is the earliest, best and most floriferous variety, though the pink and light blue are very beautiful and supply a variation of color. For Culture, etc., see our pamphlet. Sent free if asked for.

Roman Hyacinths are not hardy enough for open ground planting north of Washington, but where the winters are mild, especially if lightly protected with mulch, they thrive excellently in the garden.

 \$12.00

#### **DUTCH ROMAN HYACINTHS**

The smaller or three-year-old bulbs of some varieties of Dutch Hyacinths produce beautiful spikes of bloom, not as large nor furnished with as many bells as older-full-sized bulbs but still so satisfactory for their low price that they are extensively grown for winter flowers, forced either in "flats", pans or pots. They may be had in flower from January on—thus succeeding the earlier French Romans. The bulbs may be placed very near together—say—an inch apart—requiring 7 or 8 bulbs for a 7-inch pan or 5 bulbs for a 5-inch pot or pan.

#### VARIETIES OF DUTCH ROMAN

Crimson, Rose, Pink, White, Light Blue, Deep Blue, Mixed Colors Price, 8c each, 80c per doz., \$6.00 per 100.

# American Grown Narcissus, Daffodils and Jonquils

NOTE—The "perianth" is the surrounding row of petals or wings. The trumpet "crown" or "cup" is the center portion of the flower.

All Yellow Single Trumpet		Per Doz.	Per 100

<b>Elvira.</b> A large flower of remarkably good substance, carrying three or four flowers on long stems; and producing two to three stems to one bulb. Very fine for cutting; strong-growing and free flowering. Color, pure white			
with yellow cup. Height, 18 ins	.10	1.00	7.50
<b>Helios.</b> The perianth is yellow with a deeper golden yellow cup. The bulb produces three stems usually, and there are seven or eight broad flowers borne on each			
stem. This is the largest yellow variety. Height, 18 ins.	.10	1.00	7.50
<b>Orange Cup.</b> Pale yellow petals, deep golden cups. Four to five large flowers on long stems. Ideal cut flower			
and exquisite show variety	.10	1.10	8.00

### Narcissus Jonquilla or Jonquils

	Each	Doz.	100	
Campernelle. Much prized for its small golden flowers				
which are produced in great profusion. Perfectly hardy				
for the outdoor garden, and also a good variety for win-				
ter flowering in pots of soil. The yellow flowers are				
borne four to six on stems about 18 inches high	.08	.80	6.00	
Double Campernelle. Very fine double form, beautiful				
golden vellow. Two to four florets per stem	.10	1.00	7.50	

### Polyanthus Narcissus

The *Polyanthus* varieties of Narcissus are deliciously sweet-scented, of the easiest culture, very free flowering and continue long in bloom, bearing from six to one dozen flowers each. South of the freezing belt they are splendid for gardens and "naturalize" well. For growing in pots or pans of soil or in shallow dishes in pebbles and water, they are especially adapted and can be had in flower in the house from Christmas throughout the winter by bringing the pots of rooted bulbs in from the frame or cellar every week or two.

	Each	Doz.	100
Grand Soliel D'Or. All Yellow Polyanthus. A beautiful variety, bearing clusters of golden-yellow flowers with orange cups.  Paper White Grandiflora. All White Polyanthus. A large flowering type, producing snow-white flowers of large size and good substance in trusses. Much used for early forcing for cut flowers, being brought in without	.20	2.00	15.00
difficulty by Christmas or even earlier. (See engraving.) \$45.00 per 1000	.07	.70	5.00

# Mixed Narcissus and Daffodils For Naturalizing in Borders, Wild Gardens, etc.

These are a Special Mixture of All Varieties. They are very suitable for growing in masses for garden decoration, and are particularly adapted for mixed borders, "naturalizing" in shrubbery by woodland walks, in woods by streams and lakes and semi-wild, outlying grounds. They are perfectly hardy and will flourish and increase for many years. (See engraving) \$40.00 per 1000.

# German Iris or Fleur-de-Lis

#### Iris Germanica and Allied Species

These the true Fleur-de-Lis-but greatly improved-are well termed "Garden Orchids" and they fairly outrival the orchids in wide range of coloring-both in dainty combinations and rich and vivid colors including yellows from light canary to deep golden; blues from soft lavender to intense purples, reds from pinkish mauve to claret and maroon, beautiful bronzes and pure whites, then some are marked and margined with other colors in exquisite harmony and all have showy yellow or orange crests or beards, many of the varieties are delightfully

For garden and landscape decoration—groups and masses of them are very effective, being perfectly hardy, thriving and increasing year after year in any sunny situation in ordinarily good soil except a wet one which is liable to cause decay. Our collection contains many new and choice varieties, which will be revelations of beauty to Iris lovers. The roots should be divided and replanted every fourth year-early in September is the best time for the plants are then dormant. The roots are ready for shipment from September 15th to November 15th.

Mixed German Iris, including many beautiful varieties. Price, 12c

# **SPANISH IRIS or Iris Hispanica**

These beautiful bulbous irises have long been known as "the poor man's orchids" and appropriately so because the colorings and markings of the different varieties of Spanish Iris so closely resemble the markings of many specimens of the Orchid family. The flowers of some are four to five inches in diameter and the plants are all extremely graceful. For the adornment of a dinner table nothing could be better and, if cut while in bud, last about ten days. They are also suitable for pot culture and if planted in pots or boxes and stored in cold frames until they show buds, and then brought into heat, they may be had in bloom from April on.

Belle Chinoise. Deep yellow.

King of the Blues (Count of Nassau). Fine deep purplish blue. King of the Whites. Pure white with small orange blotch on the falls,

King of the Yellows. Very fine golden yellow.

Louise. Delicate light blue, early flowering.

Prince Henry. Large purplish bronze, one of the best of this color. Price of any of above, 8c each; 80c per doz.; \$6.00 per 100.

# **Early Flowering Dutch Iris**

Wedgewood. Beautiful large flower on tall stalks. Color, wedgewood blue, one of the best for forcing. Price, 15c each, \$1.50 per doz.. \$12.00 per 100.

> IRIS, THE. By J. C. Wister New. This book presents in a convincing manner the simple requirements of this flower. Complete and practical. Price postpaid, \$1.25.

each; \$1.35 per doz.; \$10.00 per 100.

# New Large Flowering Japanese Iris Iris Kaempferi

The magnificence of these new Irises surpasses description. The flowers are of enormous size, averaging 6 to 8 inches across, and of indescribable and charming hues and colors, varying like watered silk in the sunlight, the prevailing colors being white, crimson. rose, lilac, lavender, violet and blue; each flower usually representing several shades, while a golden-yellow blotch, surrounded by a halo of blue or violet, at the base of the petals, intensifies the wealth of coloring. The Japan Iris besides being very free flowering is perfectly hardy and grows readily in almost any situation, either sunny or partially shady; but the soil should be moist and the plants well supplied with water when flowering. They bloom in great profusion in June and throughout July, coming into bloom when other Irises are faded and gone. Ready September 15 to November 15. (See illustration.)

Japan Iris Seedlings. Containing many new and beautiful single and double varieties. Price, 15c each; \$1.50 per doz.; \$12.00 per 100.

#### **Dutch Iris or Iris Hollandia**

This variety is generally regarded as a giant strain of early Spanish Iris. The leaves are larger and the flowers appear a week or two earlier than the Spanish Iris.

E. B. Garnier. Uniform dark blue. (See color plate letter B.)
Hutchenberg. Standards creamy white, balls canary yellow.

imperator. Large flowering dark blue.

Th. Wijck. Delightful light blue.

White Excelsior. Uniform white.; (See color plate letter C.)

Yellow Queen. Uniform pure yellow, excellent novelty. (See color plate letter A.)

Price of any of the above, 10c each; \$1.00 per doz. \$7.50 per 100

# HARDY LILIES

Lilies commence flowering in June and with the various species maintain a continuous and unbroken succession in the shrubbery border. Most Lily Bulbs, being of late maturity, are not ready before October, November and December (the best time to plant them). Where the ground is liable to freeze up before the late lilies arrive it should be mulched with 6 to 8 inches of leaves or manure to keep it from freezing, so the bulbs may be planted on arrival.

**Auratum.** (The Golden Rayed Lily of Japan.) The flowers are pure white, thickly studded with crimson spots, while through the centre of each petal runs a clear golden band. Fully expanded, the flowers measure nearly a foot across and possess a most delicious fragrance. Season of bloom from July to October, 3 to 5 feet. (See illustration.)

**Extra size'bulbs**, 9 to 11 inch. 35c each; \$3.50 per doz.; \$25.00 per 100. **Mammoth bulbs**, 11 to 13 inch.45c each; \$4.50 per doz.; \$35.00 per 100.

Candidum, Henderson's Superior Northern Grown. This is the ever popular fragrant, snow-white, hardy garden Lily, which is also known as "Annunciation Lily," and "Madonna Lily." It grows 3 to 4 feet high, and blooms in the open ground in June. When grown in masses these lilies are especially effective against the surrounding greenery of shrubs. etc. Price. extra large bulbs, 40c each; \$4.00 per doz.; \$30.00 per 100

Canadense. Our native Canadian Lily. Bright yellow marked with copious spots of red; blooms in June and July, 2 to 3 feet high, 25c each: \$2.50 per doz.; \$18.00 per 100.

**Canadense Flavum.** A pure yellow selection of the above. 25c each: \$2.50 per doz.; \$18.00 per 100.

Canadense Rubrum. Crimson with dark spots. 25c each; \$2.50 per doz.; \$18.00 per 100.

Elegans Mixed Varieties. A fine dwarf Japanese variety of easy culture. Colors shading from yellow to deep blood red. Flowers June-July. 25c each; \$2.50 per doz.; \$18.00 per 100.

**Hansoni.** (The True Japanese Yellow Martagon.) This is one of the best of the Martagon group, unsurpassed in vigor of growth and beauty by any other lily. The flowers are large of a bright yellow, tinged orange and spotted maroon, with thick wax-like petals. Very robust and free, Flowers in June. 40c each; \$4.00 per doz.

Henryi. (The Yellow Speciosum.) A new rare and very beautiful Lily from China. It is very hardy and without doubt one of the best Lilies for garden culture. The flower stalks, 3 to 5 feet high, carry 5 to 8 large flowers each, rich apricot-yellow, lightly spotted with brown. The shape and size of the flowers have suggested the name "Yellow Speciosum." Flowers July-August. 40c each; \$4.00 per doz.

**Philippense Formosanum.** A beautiful hardy variety of recent introduction, producing long, trumpet-shaped flowers on stems 2 to 3 feet high; color, white with reddish brown shading on outside of petals; very fragrant. Flowers in July. 35c each; \$3.50 per doz.; \$25.00 per 100.

Regale ("A Royal Beauty"). The flowers are white, slightly suffused with pink, with a beautiful shade of canary yellow at the center, blending out part way up the trumpet. The fragrance is fascinating. A splendid hardy Lily for the garden, flowering in July. Well-grown bulbs often produce five to eight blooms. 35c each; \$3.50 per doz.; \$25.00 per 100. (See illustration.)

**Speciosum or Lancifolium.** The varieties of L. Speciosum or Lancifolium are perhaps the most popular lilies grown. They are easy of cultivation, and produce large flowers of delicate beauty on strong stems; height, from 2 to 4 feet; blooming in August. (See illustration.) 9 to 11-inch bulbs.

Speciosum Album. 9 to 11 inch. White. Large bulbs, 45c each; \$4.50 per doz.; \$35.00 per 100.

**Speciosum Rubrum.** (**Roseum.**) 9 to 11 inch. White, shaded and spotted with rose and red. (*See illustration.*) Large bulbs, 40c each; \$4.00 per doz.; \$30.00 per 100.

Speciosum Melpomene. 9 to 11 inch. Rich blood-crimson, heavily spotted. Large bulbs, 40c each; \$4.00 per doz.; \$30.00 per 100.

**Superbum.** (Turk's Cap Lily.) One of our native species. Grown in good rich soil, it will produce upwards of 20 beautiful orange, tipped red spotted flowers in a pyramidal cluster. 3 to 5 feet high. Blooms in July. 30c each; \$3.00 per doz.; \$20.00 per 100.

Tenuifolium. (Coral Lily.) Beautiful bright scarlet flowers borne on slender stalks. Height, 12 to 18 inches. Fragrant; blooms early in June. 25c each; \$2.50 per doz.; \$18.00 per 100.

**Tigrinum Splendens.** (Improved Tiger Lily.) The grandest of the Tigers, black polished stem. Very large pyramids of flowers, orange red, spotted with black, 3 to 5 feet high. Blooms in August. 25c each; \$2.50 per doz.; \$18.00 per 100.

**Tigrinum Flora Pleno.** (Double Tiger Lily.) Double bright orange-red flowers spotted with black. Blooms in August. 30c each; \$3.00 per doz.; \$20.00 per 100.

Umbellatum. Of strong, sturdy habit, growing from 2 to 3 feet high, having large showy flowers in clusters at the summit, flowering in June. The colors range through all shades of red from rose to blackish-crimson, yellow, buff, orange, etc., many being spotted. Mixed Colors. 25c each: \$2.50 per doz.; \$18.00 per 100.

Calla Lily-Yellow Elliotiana

#### Bermuda Easter Lilies Lilium Longiflorum Harrisii

The short time required to bring this peerless Lily into flower renders it invaluable. The flowers are delightfully fragrant pure waxy-white, and if cut when partially open can be kept for two weeks. Bulbs potted in September can be had in flower in December, if desired.

A succession of bloom can be kept up throughout the winter by bringing in a few pots of bulbs from cold frames at intervals. Blooming plants in pots are suitable for Easter offerings and presents.

Bulbs Ready for Shipment—August to December.

tra Size Bulbs. (7 to 9 inches in circumference.) This is the most popular size to grow as pot plants for decoration and equally as valuable for cutting. Bulbs should produce from 8 to 12 flowers. 35c each; \$3.50 doz.; \$25.00 per 100. Extra Size Bulbs.

Monstrous Size Bulbs. (9 to 11 inches in circumference.) These are usually grown for specimens in pots for exhibitions and decorations. Each bulb should produce from 12 to 18 flowers. 60c each; \$6.00 per doz.; \$45.00 per 100.

The Formosa Easter Lily. (Lilium Longiflorum Formosum). This is an improved type of the well known L. longiflorum also known as the "Easter or St. Joseph's Lily." The plants are of healthy strong growth—about 3 feet high and produce beautiful snow white trumpet shaped flowers, 6 to 8 inches long. This lily is largely grown by florists who "force" them as pot plants and for cut flowers. It is not quite as early as Lilium Harrisii. For Shipment, September to December. September to December.

Extra Size Bulbs. 9 to 10 inches. 35c each; \$3.50 doz.; \$25.00 per 100.

Japan Easter Lily. (Lilium Longistorum Giganteum.) This Japanese type is highly thought of for late winter and Easter forcing—though the bulbs of this variety are often carried over in cold storage to be brought into bloom at any desired time the succeeding year. The plant is of sturdy stocky growth—with black marked stems. The flowers of purest white are the largest of the longiflorums. For Shipment October to December.

Extra Size Bulbs, 9 to 10 inch. 35c each; \$3.50 doz.; \$25.00 per 100.

Six Bulbs of a Variety Sold at the Dozen Rate, 25 at the Hundred Rate.

#### Henderson's Selected Calla Lilies

Well-known plants of easy culture for winter bloom. They make handsome house or window plants. To aid profuse blooming keep dormant from the middle of June until the last of September; pot in good, rich soil, using 6 to 8-inch pot, give light and heat in abundance. Both foliage and flowers are attractive in this

ethiopica, or Lily of the Nile. This old favorite White Calla Lily is too well known to require any description. We offer dry roots, as they are superior for forcing and winter-flowering purposes; they come into bloom quickly and require less room making less foliage. Extra large bulbs, 40c each; \$4.00 per doz.; \$30.00 per 100. Aethiopica, or Lily of the Nile.

Yellow Elliotiana. The yellow Calla; large rich, deep golden flowers often 4t 5 liceles across at the mouth; habit of growth and foliage like the old favorite white Calla excepting the leaves of Elliotiana are spotted with white. (See engrange) Dry bulbs, 35c each; \$3.50 per doz.; \$25.00 per 100. (Ready in

# Spring Flowering Crocus Including New Hybrid Varieties

As edgings to beds—and bordering walks—or as undergrowth among tulips hyacinths, daffodils, etc., they are very effective as the flowers are over when the other bulbs begin blooming.

Crocus are also easily flowered in the house in winter, grown in pots and pans of soil. For instructions see leaflet "How to Grow Bulbs" sent with every order. We have discontinued offering the cheap mixtures of Crocus as the larger bulbs produce more and larger flowers. (See illustration.)

#### WHITE CROCUS

King of Whites. A grand new variety, producing long snow-white flowers (See letter D.)

May. Lovely round petalled pure white flowers of great size.

Mont Blanc. An old favorite, large pure white.

BLUE AND PURPLE CROCUS

Baron von Bruno. A large deep purple. (See letter E.)
David Rizzio. Deep lavender shaded purple.
Hero. A new hybrid; dark glossy purple. Extra large and fine.
Maximilian. Beautiful sky-blue flowers, distinct. (See letter B.)

#### STRIPED CROCUS

Albion. A fine large lavender striped white and violet. (See letter C.)
Cloth of Silver. White feathered and striped with lilac and purple.
Fantazy. A new hybrid; immense flowers of light gray striped dark blue.

#### YELLOW CROCUS

loth of Gold. The earliest of all, very prolific yellow veined golden brown. ellow Mammoth. The largest flowering sort of this color. (See letter A.) Price, 50c per dozen, \$3.50 per 100, \$30.00 per 1,000. Cloth of Gold.

#### MIXED GIANT FLOWERING CROCUS

All colors and shades including many new hybrid seedlings so far outclassing the ordinary grade mixtures that we have discarded the latter. Price. 40c per doz., \$3.00 per 100, \$25.00 per 1,000.

# Miscellaneous Spring Flowering Bulbs

## Giant Hybrid Amaryllis "International Prize" Strain

The coloring and marking are exquisite; the bulbs are large, and are of sufficient strength and age to produce flowers during winter or spring. They are the most gorgeous bulbous plants known. They throw up spikes from 2 to 3 feet high, bearing enormous wide petalled flowers averaging 8 to 10 inches across and of great substance, some being of rich and glowing colors, others delicately shaded and superbly veined.

Mixed Varieties, 75c each; \$7.50 per doz.

### Anemone Giant St. Brigid

An improved Irish variety bearing magnificent flowers, double, An improved Irish variety bearing magnineent nowers, double, semi-double and single, 3 to 5 inches across, of the richest as well as the daintiest colors. There is maroon, scarlet, crimson, pink, blue, purple, cream, white, etc., in endless variety. The flowers are borne freely on long stems and are charming. Grow in cold frames in northern states. Mixed colors, 75c per doz.; \$6.00 per 100.

Single Poppy-Flowered. (Coronaria.) Large, beautiful saucershaped Poppy-like blossoms flowering continuously throughout spring and early summer. Mixed colors, 60c doz.; \$5.00 per 100.

### Dielytra, or "Bleeding Heart"

One of the most ornamental of hardy spring-flowering plants, with elegant green foliage and long drooping racemes of heartshaped pink and white flowers.

Large Roots, 50c each; \$5.00 per dozen.

### Chionodoxa Glory of the Snow

They produce flower spikes bearing 10 to 15 lovely Scilla-like flowers. They are perfectly hardy, and may be planted as an edging to a bed, or naturalized on the lawn. They are admirable for pot culture winter blooming in the house.

Chionodoxa Lucillae. Bright blue with large clear white center, 30c doz.; \$2.25 per 100; \$20.00 per 1,000.

Chionodoxa Sardensis. Intense deep blue, 30c doz.; \$2.25 per 100; \$20.00 per 1,000.

100; \$20.00 per 1,000.

Chionodoxa Gigantea. Unusually large flowers of lovely lilacblue, with conspicuous white center, 60c doz.; \$4.50 per 100.

#### **Henderson's Superior Freesias**

Freesias are popular for pot culture, flowering in the winter and spring in the conservatory, or window garden.

#### Culture

Plant in deep pots, for the new roots which form below the others go deep; plant ten bulbs in a five-inch pot.

After being potted do not store, but place in an indirect light in

the dwelling or under the bench in the conservatory until growth shows above the soil.

Never force, but grow in a fairly cool temperature. Flowers appear in 5 or 6 months after planting.

Apotheose. (Novelty 1932). Beautiful pink tinted lavender, long stems. Price, 10c each; \$1.00 per doz.; \$7.50 per 100.

Elder's Giant White. The finest white variety, beautiful pure white flowers double the size of Purity. Price, 10c each; \$1.00 per doz.; \$7.50 per 100.

Fischer's Splendens. A beautiful lavender flower produced are long eith stems. See letter B. Price, 75c per doz.; \$5.00 per 100.

on long stiff stems. See letter B. Price, 75c per doz.; \$5.00 per 100. General Pershing. A beautiful shade of pinkish lavender with yellow lip tinted bronze. 75c per doz.; \$5.00 per 100.

Golden Daffodil. A great improvement over any other yellow sort, the color is rich daffodil yellow. The large flowers are borne on long rigid stems. Price, 60c per doz.; \$4.50 per 100. See letter D.

Maryon. (Novelty 1932). Known as the blue Freesia. Large violet-mauve flowers, strong grower. Price, 20c each; \$2.00 per doz.; \$15.00 per 100.

Mrs. Marc Peters. Rosy salmon with orange blotch on lower

petals. Price, 80c per doz.; \$6.00 per 100.

Olivette. Beautiful carmine red with yellow throat, yellow blotch, on lower petals, very free bloomer. Price, 80c per doz.; \$6.00 per 100. See letter A.

Purity. Produces large sprays of snow-white flowers deliciously fragrant; free blooming and of great value for forcing for cut

Price, Mammoth Bulbs, 60c per doz.; \$4.50 per 100; \$40.00

Mixed Hybrids. 50c per doz.; \$4.00 per 100.

#### Fritillaria Meleagris

Dwarf spring-flowering plants bearing large pendant bell-shaped flowers of various colors, yellow, white, black, purple, striped and splashed and checkered in the most curious way. They are fine for pot culture and look well when grown in large groups in the garden border or wild garden.

Mixed Varieties, 60c per doz.; \$4.00 per 100.

"At our Community Tulip Show held in May, 1928, my wife entered Tulips grown from bulbs purchased from you last fall. The exhibit was awarded 3 First Prizes and 4 Second Prizes. At the Show we were asked by many people where we obtained our bulbs, and we were glad to tell them from Peter Henderson & Co."

Reeve H. Huvens, Syracuse, N. Y.

# Miscellaneous Bulbs (Cont'd)

#### Grape Hyacinths

When naturalized in little colonies where they can remain undisturbed for several years, the effect is very striking—while grown as edgings to other beds they are charming. They are also adapted for winter flowering in the house. (See illustration.)

Blue Grape Hyacinths. 35c per doz.; \$2.75 per 100; \$25.00 per

White Grape Hyacinths. 60c per doz.; \$4.00 per 100; \$37.50 per

1,000. "Heavenly Blue" Grape Hyacinths. A new type with larger flowers of richest gentian blue and delightfully fragrant; desirable for cutting and of splendid effect massed in the garden or border. 40c per doz.; \$3.00 per 100; \$27.50 per 1,000.

# Lily of the Valley (Ready for Delivery in November)

Henderson's Extra Single Crown or "Pips." The finest grade of Crowns in the world for winter flowering. They will bear 12 to 16 large bells on strong stalks, with foliage, even when forced for extra early; the pips average large, plump and regular, with extra long roots. 25 Crowns (1 bundle) \$2.00; 100 Crowns, \$7.00; \$60.00 per 1,000.

Fortin's Giant. This is the largest variety yet produced; it is only adapted for one ground planting and may not show the property transfer.

adapted for open ground planting, and may not show much superiority the first spring after planting, but by the second season, or when it gets well established, it produces wonderfully luxuriant foliage and immense spikes of purest white bells. Crowns, \$1.00 per doz.; \$7.50 per 100.

#### **Oxalis**

Charming little half-trailing or bushy plants particularly adapted for pot culture and hanging baskets, the foliage alone is very attractive and when in flower they are exceedingly pretty.

Bermuda Buttercup. This is one of the finest winter-flowering plants for pot culture. It is a strong luxuriant grower, and the great

profusion of bloom produced in uninterrupted abundance for weeks is

profusion of bloom produced in uninterrupted abundance for weeks is astonishing. The flowers are of the purest bright buttercup yellow. 5c each; 50c per doz.; \$3.50 per 100.

Grand Duchess. A California variety of great beauty; of dwarf sturdy growth throwing large exquisite flowers well above the foliage. Extremely free-flowering from November till June. Price for either, White, Pink or Lavender, 5c each; 50c per doz.; \$3.50 per 100.

#### Ranunculus

These are unrivaled for attractive colors, ranging through shades of crimson, white, yellow, purple, black. Many beautifully marked with other shades. They flower profusely in pots in the house during the winter or if grown in frames in the spring.

Double Giant French Mixed. 60c doz.; \$4.50 per 100.

**Tecolete.** A new hybrid variety of this popular flower having blooms twice the size of the ordinary sorts. The colors range from crimson to rose, and beautiful shades of yellow to pure white, height 15 to 18 inches. (See illustration.)
Price each, 8c; per doz., 80c; per 100, \$6.00.

#### Scilla (Blue Bells)

Most beautiful hardy spring bulbs, producing in profusion masses of exquisite rich blue flowers almost before the snow has disappeared. If grown in masses, their flowers fairly carpet the ground. Grown in pots, they may be had in bloom from Christmas until April.

they may be had in bloom from Christmas until April.

Siberica (Blue). 50c per doz.; \$3.50 per 100; \$30.00 per 1,000.

Siberica Alba. The white flowering variety, very beautiful, 60c doz.; \$4.00 per 100; \$38.00 per 1,000.

Campanulata. (Wood Hyacinth or Bluebell.) Flowers borne on tall spikes, 1 to 2 feet high. Each flower measures nearly one inch across and droops gracefully; perfectly hardy; also fine for pot culture. We offer the following colors. (See illustration) offer the following colors. (See illustration.)

Major Blue. 60c per doz.; \$4.00 per 100. Rose. 60c per doz.; \$4.00 per 100. White. 60c per doz.; \$4.00 per 100.

#### Snowdrops

In the early spring months there is nothing more beautiful than a sheet of the snowy, graceful blossoms of the Snowdrop. Beds and effects of surpassing beauty may be arranged with Snowdrops in the centre edged with bright blue Scilla Siberica, or Chionodoxias, or by intermingling Used as a permanent edging, and in masses on the edges of lawns, nestling in the grass, they look charming. Snowdrops are easily flowered in pots during the winter.

Single Snowdrops. 50c per doz.; \$3.50 per 100; \$30.00 per 1,000.

Double Snowdrops. 60c per doz.; \$4.50 per 100; \$40.00 per 1,000.

Elwes' Giant Snowdrops. One of the finest of the genus, at least three times the size of the ordinary single Snowdrop; flowers slightly marked with geen spots; fine for cutting. 50c per doz.; \$3.50 per 100; \$30.00 per 1,000.

#### Winter Aconite (Eranthis Hyemalis)

Early in spring the golden blossoms of the Winter Aconite appear resting on an emerald-green cushion of leaves. The foliage remains long after the flowers, making the plant especially valuable in moist situations such as under trees, where the Winter Aconite thrives. 3 to 8 inches high. 40c per doz.; \$3.00 per 100; \$27.50 per 1.000.

We offer these in strong divided roots at 40c each; \$4.00 per doz.

We hold an annual exhibition of Peony Flowers beginning early in Junc. At that time we publish "Henderson's Peony Guide" which we will forward free to all applicants.

# HENDERSON'S

# **Modern Peonies**

#### Selected from the World's Best Varieties

Our Method of Selling Henderson's Herbaceous Peonies.—It is the rule among most sellers of Peonies to send out divided roots, that is older plants cut into several 2 to 3 crowned roots. These, of course, can be sold at a lower price, but all Peony purchasers should know that normal flowers of maximum size will not be produced on these divided roots for two or three years. As most of our customers prefer to pay a little more and golder, undivided roots, therefore we are offering roots of 2 and 3 years growth from the divided stage. These, according to age, will give a great quantity of perfect blooms the succeeding summer if planted between September 15th and November 1st For cultural instructions send for our Peony Guide post free.

The roots offered in this list are for shipment September 15th to November 15th

# Set Out Henderson's Hardy Perennial Plants This Fall For A Wealth of Flowers Next Summer and Many Other Summers

#### PLEASE READ CAREFULLY BEFORE ORDERING PLANTS

The plants listed in this catalogue will be ready for shipment October 20th.

We will guarantee the safe arrival of all plants sent by Express or Parcel Post to all points in the United States. Should anything be injured in transit, we urge our customers to notify us at once on receipt of the goods, and in every case send us a list of what has been damaged so that we can replace them without delay. But when they arrive in good condition our responsibility ceases, and if from inattention or other causes they fail and complaint is then made we cannot replace them.

We will ship plants by Parcel Post or Prepaid Express if 10 per cent is added to the catalogue price for points east, and 20 per cent for points west of the Mississippi River. Otherwise we will forward plants by Express, buyer to pay express charges on delivery. We do not ship plants C.O.D.

#### ANCHUSA, Myosotidiflora

Grows about 2 feet high and produces quantities of graceful clusters of brilliant blue forget-me-not-like flowers in early summer. Thrives well in all soils, in sun or shade. Effective in rock gardens.

Price, 35c each; \$3.50 per doz.; \$25.00 per 100.

#### ANEMONE, Hupehensis

Similar to the Japanese in appearance but much earlier flowering, beginning in August and continuing right up to frost. Color a pleasing rose-mauve; height, 1½ to 2 feet. Price, 35c each; 83.50 per doz.

#### ASTER, Hardy, Michaelmas Daisies

Barr's Pink. One of the showiest; blooms in September olor, bright pink with golden center. Height, 3 to 4 feet Pink Progressive. An extremely floriferous clear pink eight, 1½ to 2 feet.

Height, 1½ to 2 feet.

Skylands Queem. Beautiful light blue: begins flowering in August. Height 3 to 4 ft. and spreading; fine for cutting.

Snowdrift. Branching pyramids of large, semi-double snow-white flowers in early September. Height, 2 to 3 feet.

Price, any of above Hardy Asters, 35c each; \$3.50 per doz.

#### DELPHINIUM, Henderson's Extra Select **English Hybrids**

Truly the most imposing, the most majestic, the most beautiful subjects of the hardy garden. The colors are a revelation of the sheer exquisiteness of the harmony of blues; from the most delicate porcelain blue to the deepest ultramarine, through a delightful array of lavender, mauve and pink tones, to rich purplish hues. These hybrids contain many double, semi-double, also single flowers, which are produced on plants which range from 4 to 6 feet high, with spikes frequently 2 feet long, and they bloom from June to late fall.

Price, 2-year-old plants, \$1.00 each; \$10.00 per doz.; \$75.00 per 100.

#### **EUPATORIUM**, Blue Mist

An improved variety of the popular hardy Ageratum. A good plant for the hardy border and a very useful cut flower. Plants grow 2 feet high; bloom from August to October.

Price, 35c each; \$3.50 per doz.

# GYPSOPHILA, Bristol Fairy

Double Everblooming Baby's Breath
A great improvement over the old types of Gypsophila; the individual blossoms are larger, the panicles are also larger, and they are produced in great abundance throughout the entire summer up to November.

Price, strong field-grown, grafted plants, 50c each; 85.00 per doz

PHLOX, Early Flowering
Miss Lingard. The most popular massing Phlox grown. Pure white. It
begins blooming in May and continues up to late October. Height, 2 feet.
Price, 25c each; \$2.50 per doz.; \$16.00 per 100.

# NOVELTIES **SPECAILTIES**

#### PHLOX, Hardy

They are of the easiest culture, and during the late summer and fall months make the garden bright with their wealth of bloom. (See illustration.)

Enchantress (Medium). Bright salmon-pink with lighter shadings and

Europa (Medium). A pure white with a very decided crimson carmine eye; large flowers in good compact trusses A pure white with a very decided **Firebrand** (Medium). Bright vermilion-scarlet with deeper center; large, strong trusses.

Mrs. Milly Van Hoboken (Medium). Color, bright pink with a slight and delicate mauve suffusion; strong grower and free flowering. The general color effect at a distance is a fine bright pink.

Mrs. Jenkins (Tall). The best tall, early white for

New Bird (Medium). Deep crimson-red, almost vermilion, and purple eye.

**Painted Lady** (*Medium*). Strong upright growth and large masses of flower heads. Silver pink with salmon shadings and cherry red eye.

Prof. Verchow (Medium). Bright carmine overlaid with brilliant orange scarlet.

R. P. Struthers (Tall). Bright rosy-carmine, with claret-red eye.

Thor (Medium). A most beautiful and lovely shade of deep salmon-pink, suffused and overlaid with a scarlet

Price, 35c each; \$3.50 per doz. Set of 10 for \$3.00.

An unusual and beautiful perennial, producing long spikes of bright yellow, pea-shaped, lupine-like flowers The plant grows about 3 feet high.

Price, 50c each; \$5.00 per doz.

#### TRITOMA

**Tower of Gold.** This new variety is a startling and beautiful addition. The plant is very graceful and the beautiful golden-yellow flowers are borne sturdily erect. Height, 3 feet. Flowers are produced profusely from

August to frost.

Price, 50c each; \$5.00 per doz.

An improved variety of the "Red Hot Poker Plant" or "Torch Lily." It flowers continuously throughout the season. Large spikes of brilliant flame colors, rich yellow at base.

Price, 35c each; \$3.50 per doz.

#### YUCCA FILAMENTOSA, Adam's Needle

One of the hardiest and showiest plants we have. The flower spikes are borne in huge panicles above the sword-shaped foliage, which in itself has a sub-tropical effect. The large, white, waxy blooms are drooping in habit.

Price, 50c each: \$5.00 per doz.

### THE "IMPERISHABLE" PERENNIAL BORDER COLLECTION FOR \$20.00

Hardy Phlox

Mrs. Jenkins

A succession of bloom and a very picturesque effect may be obtained by planting the "Imperishable collection."

A sketch plan is shown. To make one like it 5 x 50 feet would require 100 plants. We list below 30 varieties of contrasting heights and colors and the number of plants for each group. The number after each variety gives the position in which they should be planted.

# **HENDERSON'S FAMOUS ROSES**

#### FOR AUTUMN PLANTING

Field Grown Two-Year-Old Dormant Plants

We start digging and shipping roses about October 20th. They are packed in damp sphagnum moss, and as the roots are not exposed to the air, the plants reach our customers fresh and full of vitality.

Roses can be planted in the fall as long as the ground is free from Many rosarians prefer fall planting because the plants then receive the advantage of an early start in spring. These roses are budded low, and when planting the bud or union should be placed just below the surface of the soil. Be careful to spread the roots out well.

#### HARDY EVERBLOOMING ROSES

AMI QUINARD. Prized for the deep velvety luster of the buds and the crimson maroon tones in the open flower; fragrant. The plant is vigorous and upright.

BETTY UPRICHARD. Popular on account of its perfectly-shaped, long-pointed bud, its long-lasting qualities when open, and its persistent blooming qualities. The buds are copper-red and open to a brilliant orange-carmine on outer petals with salmon reflexes. fragrance is rich and spicy.

CHARLES P. KILHAM. The buds are pointed, opening to perfectly formed, full double flowers of a rich oriental red, flushed with orange and glowing scarlet. A vigorous grower, sweetly scented.

DAME EDITH HELEN. (See Color Plate No. 4.) This grand rose is quite distinct and delightfully fragrant. Its petals turn back with that beautiful reflex peculiar to La France. Color a brilliant yet soft Rose du Barri pink.

E. G. HILL. A name that has long been associated with fine roses, this variety produces beautiful long buds of dazzling crimson scarlet. The flower is high-centered; the plant is strong, vigorous and free flowering.

**ELDORADO.** Golden buds flushed with red, opening to clear yellow, cupped blooms, slightly fragrant. Plants erect, and vigorous.

ETOILE DE FRANCE. Vivid crimson flowers with full rounded centers of bright cerise; fragrant and long lasting.

ETOILE DE HOLLANDE, (See Color Plate No. 1.) Rosarians agree that this is the most popular red, everblooming garden rose in cultivation today. Its color is brilliant crimson, it does not turn bluish like many other red roses. The flowers are large and very fragrant. The plant is branching, vigorous and productive.

**JOANNA HILL.** (See Color Plate No. 2.) The buds are long and pointed. They open into large, full, semi-double flowers. The color is clear yellow. orange-yellow at the heart.

KAISERIN AUGUSTE VICTORIA. For over forty years this has been the favorite pure white of rose lovers. Form perfect, fragrance delightful, and plant is moderately vigorous and hardy.

LADY ALICE STANLEY. A lovely flesh pink with coral tints, a lavorite of many years standing.

LOS ANGELES. The growth is very vigorous and produces a continuous succession of long-stemmed flowers of a luminous flame-pink. toned with coral and shaded with translucent gold at the base of the petals.

MME. JULES BOUCHE. A splendid rose that should be in every garden. Color, salmon-white, center shaded rose. Large and full, well-formed flowers.

MARGARET McGREDY. Beautifully shaped, full, double flowers, distinct from all others in its rich coloring, which is a brilliant shade of furkish or oriental red, passing as the flowers age to a beautiful carmine-

MRS. PIERRE S. DU PONT. In the bud stage is reddish-gold and when the fine cup-shaped flower is fully opened, a deep golden-vellow. The plant is strong and compact and blooms continuously.

Henderson's Quartet of Popular Everblooming Dormant Roses for \$2.50. (See descriptions on this page.) No. 1 Etoile de Hollande No. 3 Willomere No. 2 Joanna Hill No. 4 Dame Edith Helen

PRESIDENT HOOVER. Strong, vigorous growth. Flowers large and full. Color, a combination of cerise-pink, flame, scarlet and yellow.

**SIR DAVID DAVIS.** Flowers brilliant glowing crimson of an even shade throughout, running to light yellow at the base of the petals, remarkable for its fragrance, continual bloom, and handsome foliage.

SOUVENIR DE CLAUDIUS PERNET. Fine buds of clear yellow the edge of the petals being somewhat lighter. A strong growing plant with glossy foliage.

TALISMAN. The color is a combination of gold yellow, apricot and deep pink or old rose. The outside of the petals is bright yellow gold and pink, as the flower expands, apricot gold and rose pink.

WILLOMERE. (See Color Plate No. 3.) Salmon-pink flushed gold a strong grower and persistent bloomer.

### POPULAR HARDY CLIMBING ROSES

FIELD GROWN TWO YEAR OLD DORMANT PLANTS

CLIMBING AMERICAN BEAUTY. The rosy crimson flowers, 3 to 4 inches in diameter, are identical with its pollen parent, the Amer ican Beauty, and have the same exquisite fragrance, a quality rare in climbing roses. Of strong habit of growth, making shoots of from 10 to 15 feet in one season; hardy as an oak.

DR. W. VAN FLEET. Flowers are 4 inches and over in diameter. The color is a delicate shade of flesh pink. The flowers are full and double, and fine for cutting. The foliage is a peculiar shade of bronzegreen, large and glossy.

**EMILY GRAY.** A hybrid wichuriana possessing the beautiful polished holly-like foliage of the type. The flowers are semi-double, deep golden buff in color, slightly fragrant, does not fade.

**PAUL'S SCARLET CLIMBER.** The flowers, a vivid scarlet, are of good size, semi-double, very freely produced in clusters of from 3 to 20 flowers each on much branched canes, the plants being literally covered from top to bottom with bloom. It is of strong climbing habit and perfectly hardy.

# FLOWERING SHRUBS, HARDY DECIDUOU

These occupy an important place in the development of the Home Grounds or in any landscape plantings. The present vogue of the Outdoor Living Room permits the use of Flowering Shrubs in greater variety than ever before.

These are all 2 to 3 years, transplanted and range from  $1\frac{1}{2}$  to 3 ft. in height, according to variety. In the description of each variety we give the natural heights at maturity, but they can be kept any size desired by pruning. Those marked \* may be planted in a shady place.

AMYGDALUS, Flowering Almond
Double Pink. The miniature double, rose-like blossoms cover the entire
shrub. Very hardy, very graceful; blooms in May; height 3 to 5 feet.

#### **ALTHEA**, Rose of Sharon

Flowers in August and September. We Grows to a height of 10 to 12 feet. F offer Double White and Double Red.

#### **BEAUTY BUSH, Kolkwitzia Amabilis**

In early June its sprays of tiny foxglovelike blossoms transform it into a fountain of pink loveliness. Attains a height of 6 feet.

Price, \$1.00 each; \$10.00 per doz.

#### BERBERIS, Barberry

**Thunbergii** (Japanese Barberry). Small yellow flowers in the spring folwed by bright scarlet berries. A valuable hedge plant. Height 4 to 6 feet. Price, 35c each; \$3.50 per doz.; \$25.00 per 100.

**Thunbergii Atropurpurea** (New Red Leaved Japanese Barberry). Similar in all respects to the green-leaved Japanese Barberry, except that the foliage is bronzy red.

Price, plants 12 to 15 inches high, 75c each; \$7.50 per doz.

#### **BUDDLEIA**, Butterfly Shrub

lle de France. (New.) The flower spikes are a foot long and their color is a glowing claret-purple. 4 to 5 feet. An exquisite cut flower. Blooms all

Price, \$1.25 each; \$12.50 per doz.

Magnifica. The long, graceful spikes of flowers are of rich violet rose.

#### \*CALYCANTHUS, Strawberry Shrub

Floridus. A strong, upright grower with large, handsome foliage. Peculiar reddish-brown sweet scented flowers in May. 4 to 6 feet.

#### \*CORNUS FLORIDA, Flowering Dogwood

Florida. They are lovely in springtime when covered with the large single white flowers and also when the foliage turns in fall; height 15 to 25 feet. Price, 3 to 4 ft. plants, \$1.50 each; \$15.00 doz.

Florida Rubra. Similar to the white form except the flowers are bright pink. Price, 3 to 4 ft. plants, \$3.00 each; \$30.00 doz.

#### \*DEUTZIA

Flowers, pure white, tinged rose. Height, 6 to 8 feet. Blooms Crenata. Flow in June and July.

Gracilis. Covered with white flowers in May and June. Graceful and attractive at all times. Height, 2 to 4 feet.

Pride of Rochester. Large double white flowers in June and July. Height,

#### \*FORSYTHIA, Golden Bell

**Spectabilis.** The showiest of all; makes a fountainlike growth. Height, 6 to 8 feet. Flowers in March or early April.

Viridissima. A little later than the preceding. Vigorous, upright growth. Height, 10 to 12 feet.

#### **HYDRANGEA**, Hardy Shrubby

Arborescens Grandiflora. The heads of flowers are snowy white. It is a true shrub; begins to bloom in early summer and continues into the fall, so that it is practically everblooming. It attains a height of 6 feet. Price, 2 to 3 feet high, \$1.00 each; \$10.00 per doz.

**Paniculata Grandiflora.** It attains a height of 8 to 10 feet. The flowers are white when first open, but change to pink and russet brown. They are borne in immense pyramidal panicles, nearly a foot in length.

#### \*LONICERA, Bush Honevsuckle

Fragrantissima. A delightful shrub for its tiny creamy white waxen flowers that are produced before the leaves unfold. Very fragrant. Height, 5 to 6 feet.

#### \*PHILADELPHUS, Mock Orange

Coronarius. Sweet scented pure white flowers. Height, 8 to 10 feet. June. Compact and graceful; grows to a height of 6 feet, with semidouble fragrant flowers produced in great abundance.

Virginal. Flowers are semi-double, two inches across; very prolific; delightfully fragrant. Main crop of flowers is produced in late May and June, and a scattering of blossoms throughout the summer. Very vigorous. Height, 6 to 8 feet.

PRUNUS, Double Flowering Plum
Triloba. The light pink, double flowers are produced in early spring before
the leaves develop. Height, 4 to 6 feet. (See illustration.)

#### \*RHODOTYPOS, Jetbead, White Kerria

**Kerrioides.** Prized for its shining jet black berries which cover the plant during the winter; also for its showy white flowers during May and June. Height, 6 to 8 feet.

#### SPIREA

Anthony Waterer. Carmine crimson flowers from June to November. Height, 2 to 3 feet.

Prunifolia. (Bridal Wreath.) In May the branches are covered with small double white flowers. Height, 6 to 8 feet.

Thunbergii. Of dwarf, bushy habit; rarely exceeding 3 feet in height. White flowers in April and May.

Van Houttei. Flowers of pure white, borne in greatest profusion in June. Very showy. Height, 8 to 10 feet.

#### SYMPHORICARPUS, Snowberry

**Chenaulti.** A most graceful plant about 3 feet high and 5 feet in diameter, with small foliage and dense branches, which in fall bear an abundance of white to pink fruits.

Racemosus. In July and August it has small pink flowers, which are followed by great numbers of large pure white, waxlike berries in clusters that remain until freezing weather.

#### SYRINGA, Lilac

Jan Van Tol. A new French Lilac with pure white, single flowers in long trusses. One of the finest in cultivation.

Hugo Koster. Single. A superb, soft pinkish lilac.

Ruhm Von Horstenstein. Magnificently formed, large, single royal purplish-red flowers

Price, any of above, \$1.00 each; \$10.00 per doz. Set of three French Lilacs

Vulgaris. (Common Purple Lilac.) Height, 12 to 14 feet.

Vulgaris Alba. (Common White Lilac.) Height, 12 to 14 feet.

#### VIBURNUM

Carlesi. One of the choicest shrubs of recent introduction. It is a native of Korea and extremely hardy. Sometimes called the Fragrant Viburnum on account of its deliciously fragrant clusters of waxy pink flowers, which are produced in early spring. It likes an abundance of sunshine, height 4 feet.

Price, \$2.00 each; \$20.00 doz.

**Plicatum.** The Popular Japan Snowball. The pure white, perfectly round 3 to 4-inch balls, produced in great quantities during June, above the artistically wrinkled foliage. Height, 8 to 10 feet. (See illustration.)

#### \*WEIGELIA. Diervilla

Candida. White flowers in great profusion from June to November. Height,

Eva Rathke. Very distinct. Color, deep carmine red. Flowers continuously throughout the summer and autumn. Height, 6 to 8 feet.

Rich, rose-colored flowers in June and July. A beautiful shrub Rosea. Height, 6 to 8 feet.

Price for above except where specially noted, 75c each; \$7.50 per doz. Purchaser pays transportation charges on shrubs. See notice top of page 22

#### **HEDGE PLANTS**

BARBERRY, (See description above.)

It is ideal as a hedge plant on account of its dense ashy growth, also because it requires but little pruning to keep it in shape.

#### PRIVET, Ligustrum ovalifolium

California Privet. Of all the shrubs which have been tried for hedging, none can compare with this. Of easy growth and splendid foliage, free from insects.

Price, strong shrubs, 11/2 feet to 2 feet high, 75c per doz.; \$5.00 per 100; \$45.00 per 1,000; extra strong, 2 to 3 feet high, \$1.00 per doz.; \$7.00 per 100; \$60.00 per 1,000.

Our Pamphlet on the Pruning and Care of Hardy Shrubs and California Privet sent free on application.

### HARDY VINES and FRUITS for AUTUMN PLANTING

AMPELOPSIS VEITCHII, "Boston Ivy" or "Japan Ivy"

Entirely hardy, attaining a height of 20 to 30 feet in two or three years, clinging to stones, brick or woodwork with the greatest tenacity. It is a great protection to houses, as the leaves, lap over each other like slates on a roof. Beautiful autumn foliage. Price, strong, one-year pot-grown plants, 35c each; \$3.50 per doz.

AMPELOPSIS QUINQUEFOLIA—Virginia Creeper or American Ivy

Fast-growing, extremely hardy. The large-five-fingered leaves are glorious in their autumn colorings: Height 35 to 45 ft.

Price, 2-year-old plants, 50c each; \$5.00 doz.; \$35.00 per 100.

ARISTOLOCHIA SIPHO-DUTCHMAN'S PIPE VINE

A rapid-growing, hardy vine with large, round light-green foliage and curious brownish, pipe shaped flowers. One of the best for producing shade on porches, etc. Height

Price, 2-year-old plants, \$1.00 each; \$10.00 doz.

BIGNONIA RADICANS, or Trumpet Creeper

Well adapted for covering walls, arbors, and unsightly places. It is a rapid grower, perfectly hardy and thrives well in exposed places. The flowers are trumpet-shaped and brilliant orange scarlet. Price, 50c each; \$5.00 per doz.

CELASTRUS SCANDENS, Bitter Sweet

A rapid growing climber with ornamental light green foliage, yellow flowers in June and bright orange, yellow and crimson fruit in the autumn. It is known by the popular name Bitter Sweet. Price, 50c each; \$5.00 per doz.

CLEMATIS

Jackmanii. The best-known and most valued variety. Color, rich, dark, royal

purple. Price, strong plants, \$1.00 each; \$10.00 per doz.

Paniculata. Blooms in the early fall and is one mass of fleecy white fragrant flowers. These are succeeded by the silken seed vessels almost as ornamental as the flowers. It will grow 15 to 20 feet in a season; it is insect-proof, it is perfectly hardy. Price, strong 2-year plants, 50c each; \$5.00 per doz.

An ideal ground cover under trees or for covering graves in cemeteries it is unsursussed, being evergreen. Price, plants from 4-inch pots, 2½ feet and over, 40c each; .00 per doz. Extra size, 60c each; \$6.00 per doz. \$4.00 per doz.

JAPANESE HONEYSUCKLE

Lonicera Halleana. (Hall's Japan Honeysuckle.) Pure white flowers, ch. yellow. Very free blooming and fragrant. Price, 50c each; \$5.00 per doz. Pure white flowers, changing

POLYGONUM AUBERTI, Chinese Fleece or Silver Lace Vine

A delightful vine, dainty in appearance yet as hardy as an oak. It is a rapid grower and attains a height of 25 to 30 ft. During the summer it produces stringy panicles of small white flowers that resemble strings of silvery beads. Price, 50c each; \$5.00 per doz.

VINCA, or Creeping Myrtle

Used extensively for covering the ground under shrubs or trees and in cemeteries for covering graves. They will grow where it is too shady for grass or other plants to thrive. Delicate blue flowers. Price, 35c each; \$3.50 per doz.; \$25.00 per 100. WISTARIA

Ornamental hardy climbers. Their lovely panicles of blue and white flowers produced in wonderful profusion are without a rival.

Wistaria Sinensis, White. Drooping clusters; pure white. Price, \$1.00 each. Wistaria Sinensis, Blue. Drooping clusters; soft lavender blue. Price, \$1.00 each.

#### BLACKBERRIES Selected

Blowers. Berries very large, attractive and of superb quality.
Eldorado. Very large, jet black, borne in clusters and ripen well together.
"Joy." An excellent variety for the home garden. The berries are of large size and superb quality, with a flavor that is rich, sweet and luscious. They are almost as thick as they are long, and coal black. The canes are ironclad, hardy, of stocky, vigorous habit; so stout and strong that they do not need staking. Price, \$1.00 per doz.; \$7.00 per 100.

Macatawa. The fruit is very large and handsome, intense black with a very high polish and without any core, juicy, high flavored.

Price, \$1.00 per doz.; \$7.00 per 100.
Merserau. A mammoth early, ironclad hardy berry. Exceptionally sweet and melting, being without core.

Dewberry Lucretia, or Creeping Blackberry. Conceded to be the best of its class. Berries firm, sweet and luscious throughout. Very early.

Young's. A splendid sort producing fruit the first year. By far the best of all dewberries.

all

Price for the above, except where noted, 75c per doz.; \$5.00 per 100

# RASPBERRIES Selected

Black Beauty. A new hardy and disease-resistant variety, recommended for the home garden or for the commercial grower. It is very prolific, and the fruit is large and attractive.

is large and attractive.

Cumberland. The berries measure seven-eighths of an inch in diameter, but, in spite of this, the fruit is possessed of unusual firmness. Extremely vigorous.

New Logan. Probably the most prolific of all the early Raspberries. It is a black cap of the highest quality.

Price for the above raspberries, 75c per doz.; \$5.00 per 100.

#### **RED VARIETIES**

Latham. Large, round and firm berries of rich, brilliant red are borne in great profusion from late June till well into July. The plant is very hardy and the fruit holds up well for shipping.

The King. The earliest red raspberry grown. Large fruits, firm, beautiful light crimson color; the quality is excellent.

Viking. An admirable variety of recent Canadian origin, healthy, vigorous, hardy. The berries are large, bright red and glossy. They hold their size throughout the season.

Price for the above raspberries, 75c per doz.; \$5.00 per 100.

#### ST. REGIS Continuous-Fruiting Red Raspberry

It is the earliest of all red raspberries; beginning to ripen in New Jersey from Jone 15th to 20th. It succeeds upon all soils, and the canes are absolutely hardy.

Tuits on the old canes until late in August, after which the young canes of the produce until severe frost.

The berries are a bright crimson, of large size and surpassing quality—rich sugary, with full raspberry flavor.

Price, strong transplanted plants, \$1.00 per doz.; \$7.00 per 100.

Blackberries or Raspherries if wanted by Parcel Post add 10c per doz. for packing and postage

NEW RED GRAPE

### Henderson's Selected Hardy Grape Vines

Caco or Catawba-Concord. A cross between the old favorite Catawba and the well-known Concord. It ripens a little in advance of the Concord. This variety fully equals the Concord in strength and rapidity of growth and is very hardy. The color is a rich, sparkling wine-red, with abundant bloom. Bunch large; berry medium to large and almost round. The crowning merit, however, is its quality, surpassing in tenderness of pulp, luscious flavor and aroma the Catawba, while it is as prolific as the Concord. (See engraving.) Price, 2-year vines, 75c each; \$7.50 per doz.

Campbell's Early. Vigorous, hardy vine, with heavy mildew-resisting foliage, and bearing abundant clusters; very large, compact and handsome. Berries large, often an inch or more in diameter; black, with light purple bloom; skin thin, but very tenacious; flesh firm but tender, parting easily from its few and small seeds. Flavor rich, sweet, slightly vinous, free from foxiness. Its season is very early, and its keeping qualities remarkable. Price, 2-year vines, 75c each; \$7.50 per doz.

Ontario. A new early White Grape, the result of a cross between Green Mountain and Diamond. The berries are round, medium in size, juicy sweet, and of delicious flavor, far superior to Green Mountain. The vine is perfectly hardy and very vices one.

and very vigorous.

Price, 2-year vines, 75c each; \$7.50 per doz.

**Concord.** Generally considered the best American grape. Bunch and berries large; color black with a rich bloom. A strong grower, very hardy, healthy and productive. The variety used exclusively for grape juice. Price, 2-year vines, 60c each; \$6.00 per doz.

**Delaware.** Berries small and compact; skin thin but firm; flesh juicy, very sweet and refreshing. A moderate grower; it responds quickly to good culture. Price, 2-year vines, 60c each; \$6.00 per doz.

Niagara. The favorite white grape. Bunch large and handsome. Berries medium size, round; skin thin, tough, does not crack, and ships well. Sweet

Price, 2-year vines, 60c each: \$6.00 per doz,

The "Garden Culture of Small Fruits" gives practical instructions on planting and culture. Sent free to customers on application.

A pressure on the bulb ejects the water in a fine

Prices, straight or angle neck, 8 oz., \$1.00; 10 oz., \$1.25. Transportation paid.

For sprinkling cut flowers, seedlings, clothes, etc.

Angle and Straight Neck Rubber Sprinklers

# Delivers a continuous fog-like spray. Is fitted with straight and adjustable nozzles, making a perfect under-leaf sprayer. In fact, spray can be delivered at any angle or position desired. Made in solid sheet copper, highly polished, holds 1 quart. Price, \$2.00. Transportation paid. REMEDIES for INSECTS and FUNGUS

In order to combat insects, they are divided into two general groups—those that suck the juices from plants such as aphis, mealy bug, red spider, etc. For this group, contact insecticides like Black Leaf 40, Evergreen and Red Arrow are recommended. For leaf eating insects, a stomachic insecticide like Arsenate of Lead or Pyrox is most effective. For Fungous Diseases, use Bordeaux Mixture or Fungtrogen.

SPECIAL NOTICE—We prepay transportation charges on Insecticides, Fungicides and Vermicides within the 1st and 2nd zones (150 miles of New York City), mail, express or freight, at our option. Beyond these zones, purchaser pays transportation charges. "paint" Black Leaf 40 on top of roosts shortly before roosting time. It "works

Ant Killer. A very effective and much needed product for use on lawns, sports turf, golf courses, etc.
Price, 50c 4 oz. tin; \$5.50 per dozen. Estate Size 16 ozs. \$1.75. See Special

Notice

Aphine. Very powerful, soluble in water, applied as a spray, wash or dipping solution. It kills aphis, thrip, red spider, slugs, ants, mealy bug, scale. Price, 1 gill, 25c; ½ pint, 40c; 1 pt., 65c.; qt., \$1.00; gal. \$3.00. Transportation Paid. See Special Notice.

Arsenate of Lead Powder. For dusting mixed with Hydrated Lime or pad dust or in liquid form. To kill most chewing insects on Plants, Trees, Stands, etc. Is far superior to Arsenate of Lead Paste, which contains a large powdering of moisture, leaving a small amount of active ingredients that de-

Fr. 2 lb., 30c; 1 lb., 45c; 5 lbs., \$2.00; 10 lbs. \$3.50; 25 lbs., \$5.50; 100 lbs. \$16.00 Larger quantities, price on application. See Special Notice.

Black-Leaf 40. One of the best-known and most widely-used products for the effects and economical control of sucking insects. For delousing poultry— NOTE—Insecticides, Fungicides and Vermicides can now be mailed, in accordance with the revised Postal Laws and Regulations. See special notice.

Bordo and Arsenate of Lead Powder. A combined insecticide and fungicide, kills bugs and prevents many diseases such as Mildew, Blight, Rot and Fungus. Can be used as a wet or dry spray. We advocate the use of Bordo and Arsenate of Lead Powder in preference to paste form as it mixes more readily and holds its strength better and is more convenient to handle. Price, ½ lb., 30c; 1 lb., 50c; 5 lbs., \$2.00; 10 lbs., \$3.00; 25 lbs., \$6.50. Larger quantities, price on application. See Special Notice.

Bordeaux Mixture, Powdered. For Blight, Mildew, Rust, etc. It has all the advantages of paste, with double the strength. Goes twice as far. Used for dry dusting or spraying. Dilute 1 pound to about 6 gallons of water for 3-3-50 formula. Price, ½ lb., 25c; 1 bl., 40c; 5 lbs., \$1.50; 10 lbs., \$2.75; 25 lbs., \$5.00. Larger quantities, price on application. See Special Notice.

while they roost.

Price, 1 oz., 35c; 5 oz., \$1.00; 1 lb., \$2.25; 2 lbs., \$3.25; 5 lbs., \$5.85; 10 lbs., \$9.85. See Special Notice.

# REMEDIES for INSECTS and FUNGUS—Cont'd.

SPECIAL NOTICE—We prepay transportation charges on Insecticides, Fungicides and Vermicides within the 1st and 2nd zones (150 miles of New York City), mail, express or freight, at our option. Beyond these zones, purchaser pays transportation charges.

Evergreen (Non-Poisonous)—Will not injure or discolor the most tender plant; HARMLESS to man, birds or animals, yet deadly to sucking and chewing insects, such as Aphis, Thrip, Rose Bugs, Caterpillars and Bean Beetles. One makes 2 gallons of spray. Price 1-oz. bottle, 35c; 6-oz. bottle, \$1.00. ounce makes 2 gallons of spray. Price 1-oz. bottle, 35c; 6-oz. bottle, \$1.00. 16-oz. bottle, \$2.00; 1 qt. \$3.50; 1 gallon, \$11.50; 5 gal. \$45.00. See special notice

**Fish Oil Soap.** (**Whale Oil Soap.**) A wash for insects and eggs on the bark and for smearing the trunks of trees to prevent worms from crawling up. Price, 30c per lb.; 5 lbs., \$1.25; 10 lbs., \$2.25. See special notice.

**Lime Sulphur Solution.** For scale insects on trees and such fungus bark diseases as can be treated in winter. Dilute and spray with a spray pump while trees are dormant, in fall, winter or spring. Price, qt. can, 50c; gal., \$1.25; 5 gal. can, \$3.75; barrel of 50 gallons, \$14.00. See special notice.

**Lime Sulphur** (**Powdered**). For dormant spraying of fruit and shade trees and bushes against San Jose and Oyster Shell Scales; also for peach leaf curl and brown rot of peaches. 1 lb. makes 3½ to 5 gallons. Price, 1 lb., 40c; 5 lbs., \$1.50; 10 lbs., \$2.75; 25 lbs., \$5.75. See special notice.

Nico-Fume (Liquid). A modern insecticide for vaporizing and spraying Price, ¼ lb., 75c; 1 lb., \$2.25; 4 lbs., \$5.75; 8 lbs., \$10.00 See special notice.

Nico Fume Paper. For fumigating greenhouses, conservatories, etc. Per box of 24 sheets, \$1.25; \$4.50 for 144 sheets; 288 sheets, \$8.00. Postpaid.

Nico-Fume Tobacco (Powder). For fumigating greenhouses. Lights quickly, burns evenly, will not go out. No waste; every particle consumed Protects greenhouses against ravages of insect pests, such as Aphis and Thrip. Price, 1 lb. tin, \$1.00; 5 lb. tin, \$3.35; 10 lb. tin, \$5.85. See special notice.

A non-poisonous efficient insecticide for use Red Arrow Insect Spray. against sucking and chewing insects, such as Mexican bean beetles, Japanese beetles, Rose chafers, Aphids (plant lice), Leaf hoppers, etc.

Price per oz., 35c; per 3½ oz., \$1.00; ½ pt., \$1.75; per qt., \$6.00; per gal., \$20.00.

Transportation paid. See special notice.

Rotenone Dust (Hammond's Stabilized Dust No. 75). Non-poisonous and more powerful than Arsenate of Lead in destroying leaf chewing and sucking insects. It controls aphis, cabbage worms, bean beetles, asparagus, cucumber, potato and flea beetles, mites, thrip, red spider, leaf hopper, leaf tyers and others. Unlike some other powerful insecticides, Rotenone will not injure the most delicate plant and it is so safe to use that it makes an effective flea powder for cats, dog or birds, and it is excellent for delousing fowl.

Price, \$1.50; 4 lb. Package. See special notice.

Scalecide. Used for the destruction of the San Jose scale. Dilute at the **Scalecide.** Used for the destruction of the San Jose scale. Litute at the rate of one gallon to twenty gallons of water. Scalecide does not clop nozzles hose or pump, and is pleasant to use. Trees may be sprayed in winter and early spring before they start to come to bud. Price, qt., 60c; gal., \$1.40; 5 gals., \$4.90; 10 gals., \$8.50; 15 gals., \$13.50; 30-gal. bbl., \$19.00; 50-gal. bbl., \$26.50. Transportation paid. See special notice.

Tobacco Stems. Used for fumigating and as a fertilizer. Bale, about 100 lbs., \$4.00. Transportation paid. See special notice.

**Tree Tanglefoot.** No crawling insect can pass a band of tree tanglefoot. One pound for 12 foot band 4 inches wide 1-16 inch thick. Price, 1 lb., 60c; 5 lbs., \$2.75; 10 lbs., \$5.25; 25 lbs., \$11.00. See special notice.

**Tree Wound Paint.** Is an insurance against decay, having penetrating, antiseptic and elastic waterproofing qualities. Sun and rain cannot cause the coating to break from the treated wood. Price, pt., 40c; qt., 75c; gal. \$2.00; 5 gals., \$7.50. See special notice.

NOTE—Insecticides, Fungicides and Vermicides can now be mailed in accordance with the revised Postal Laws and Regulations. See special notice top of page.

## HENDERSON'S HIGH GRADE FERTILIZERS

SPECIAL NOTICE—We prepay transportation charges on Fertilizers by parcel post, express or freight at our option within the first and second zones (150 miles of New York City). Purchasers, beyond these zones, pay transportation charges.

## BONE MEAL—Best Fertilizer for Bulbs **Excellent for Top Dressing Lawns**

It is for its slow disintegrating and long lasting qualities that Bone Meal is so very desirable for fertilizing all hard wooded plants, including flowering shrubs, fruit bushes, trees, and the like.

As there is absolutely no danger of burning or causing rot in fleshy bulbs, including Tulips, Hyacinths, etc., a liberal application of Bone Meal mixed into the soil before planting them will be amply repaid for by the remarkable size and brilliancy of the flowers obtained.

For Lawns it is a dependable fertilizer, as it contains the essential elements that grass requires. It may be broadcast as a top-dressing at any time either in early spring or during the growing season.

Quantity required. For lawns, pasture and mowing lands, 10 lbs. to 200 square feel or ½ to 1 ton per acre. For trees and vines, 2 to 4 lbs. each. For field and garden crops, ¼ to 1 ton broadcast and harrowed in. For rose beds, pot plants, etc., one part to about fifty of soil.

### HUMUS Hyper Pulverized

#### Nature's Product for Enriching Lawns and Gardens

Humus is not a chemical fertilizer, but a natural organic substance consisting of deposits of decomposed vegetable matter that have been accumulating for countless ages.

countless ages.

Our supply, which is obtained from a prehistoric lake basin, is dug, aerated and pulverized by specially designed machinery.

Hyper Pulverized Humus is black in color, it is easy to apply, and serves many functions in the soil. It loosens heavy clayey soils, and promotes aeration. It increases the moisture absorbing power of light, sandy soils and corrects the mechanical condition of medium soils. Unless there is a supply of humus in some form in the soil it is impossible to obtain satisfactory crops of either grass, vegetables or flowers.

Hyper Pulverized Hypers is absolutely colorless and is therefore very desirable.

Hyper Pulverized Humus is absolutely odorless and is therefore very desirable for using in flats for starting seedlings indoors, also for potting bulbs and other house plants.

Prices 25 lbs. \$1.00 50 lbs. 1.50 100 lbs. 2.50 500 lbs.....\$10.00 100 lbs Send for Special Quotation on carload lots.

See special notice above regarding prepayment.

#### HOUSE PLANT FOOD (Henderson's)

A safe, clean and highgrade fertilizer free from disagreeable odor, prepared especially for feeding plants grown in pots. It is a wonderful invigorator, producing luxuriant, healthy growth, foliage of rich texture and larger and more brilliant flower. Detailed directions on each package.

Price, 12-oz. package, sufficient for 25 ordinary sized plants for one year; 25c. Transportation paid in United States.

#### ADCO

Dry leaves, mixed with **Adco** and kept moist, turn into excellent manure. So do flower stalks, vines, and almost any other kind of non-woody vegetable

waste.

Adco is a powder which, mixed with vegetable matter and kept moist, turns the latter into real Manure, but without the odor, flies, etc. Directions enclosed in bags.

Price, 25-lb. bag, \$2.25. (Enough for 12 wheelbarrow loads of garden waste, making ½ ton of manure) 150-lb. bag, \$10.50. (Enough for a heap 10 ft. x 10 ft. x 6 ft., making about 3 tons of manure.)

See special notice above regarding prepayment.

#### COMPOST

Spent Mushroom Soil. Henderson's Screened. An Ideal Preparation for Top Dressing Gardens and Lawns—Also for Window Boxes and House Plants. It consists of well-rotted manure and soil, which has been used in the growth of mushrooms. When mushroom beds are made up they require fresh manure and soil in proportion, and after the crop has been harvested the soil is removed from the beds.

Excellent for mulching or top-dressing roses, evergreens and fruit trees. For lawns, use 400 lbs. per 1,000 square feet, broadcast evenly and rake well into the soil. If properly done, the growth of the grass will be tremendously stimulated. When repotting plants this product is indispensable in the preparation of the soil.

Prices 100 lbs. . See special notice above regarding prepayment.

#### **PEAT MOSS**

Granulated. It adds organic matter (Humus), improves the texture, conserves moisture and aerates the soil. Granulated Peat Moss is used extensively for mixing in soil for pot plants, also window boxes, and it is an excellent medium in which to grow bulbs. The rich mellow texture that it imparts to the soil with which it is incorporated puts the soil in ideal condition for the making of a lawn, a flower or vegetable garden. It is also used for mulching Perennial and Rose beds as well as around Evergreens, both the broadleaved kinds, such as Rhododendrons, as well as the coniferous sorts.

Many gardeners use Peat Moss for packing and storing bulbs, such as Cannas Dahlias, etc.

Dahlias, etc.
Price, carton, 14 lbs., enough to cover 16 sq. ft. 1 in. deep, 75c. Large bales, about 19 to 20 bush., covers 240 sq. ft., 1 in. deep. Prices, 1 bale, \$4.00; 5 bales, \$18.75; 10 bales, \$35.00.

See special notice above regarding prepayment.

### LAWN ENRICHER and Top Dresser

For New and Old Lawns, Athletic Fields, Golf Courses, etc. and Quickly Induces a Luxuriant Green Growth

For forming a new lawn a 10-lb. package is sufficient to go over an area of 200 square feet, or 1,000 to 1,500 lbs. per acre, or a smaller quantity for renovating an old lawn. Apply broadcast with machine or by hand as evenly as possible on a quiet day and preferably just before rain. If applied during the summer use half of the quantity and water in thoroughly with a hose.

Prices, 5 lbs., 50c; 10 lbs., 90c; 25 lbs., \$1.75; 50 lbs., \$25; 100 lbs., \$4.50; 500 lbs., \$20.00; 2,000 lbs. (1 ton), \$65.00. See special notice above regarding prepayment.

# HENDERSON'S SPECIAL MIXTURES OF LAWN GRASS SEED

# **Shady Nook**

It is a combination of fine, dwarf growing, evergreen varieties which in their wild or natural state are green varieties which in their wild or natural state are to be found growing in the woods or other sheltered and shaded spots. Ground that has been densely shaded by trees is frequently "sour," and if the drainage is defective it is apt to be covered with moss and coarse Grasses. In such cases an application of slaked lime, at the rate of one hundred pounds to each, thousand square feet, or two tons to the acre, is an excellent corrective and sweetener, but the moss should be first raked off. (See illustration.)

Price, transportation paid in the U. S., 50c qt.; \$1.65 for 4 qts.; \$3.00 pk. of 5 lbs.; \$5.75 per ½ bu. of 10 lbs.; \$11.00 bu. of 20 lbs.; \$50.00 per 100 lbs.

# "Special Bent Formula"

A lawn seeded with this mixture and properly cared It is imperative in maintaining a lawn of this type, that the grass should be kept cut short and well rolled all through the season. Starvation of the grass plants is the most frequent cause of unsatisfactory lawns, and grass needs constant small applications of fertilizer and plenty of water to maintain a perfect lawn.

Also, every spring apply a dressing of Henderson's Lawn Enricher. Broadcast this, using five pounds for each 200 square feet, and water it in thoroughly with a

We advise seeding at the rate of one pound to cover a space of 10x20 or 200 square feet. Price, transportation paid in the U. S., \$1.00 per lb.; 5 lbs. \$4.50; 25 lbs. \$20.00; 100 lbs. lots and upward. \$75.00 per 100 lbs.

# Sunny South

It is especially prepared for the South, and contains all the best Grasses that are by nature adapted for hot, dry situations. In the South, Bermuda Grass is frequently used, but it remains green only in the summer months, turning brown in winter; but by using Sunny South, and with care and attention to watering, an allthe-year-round lawn can be maintained in Southern States where Grasses do not usually thrive.

Price, transportation paid in the U. S., 50c qt.; \$1.65 for 4 qts.; \$3.00 pk. of 5 lbs.; \$5.75 per ½ bu. of 10 lbs.; \$11.00 bu. of 20 lbs.;

\$50.00 per 100 lbs.

# **Terrace Sod**

A special mixture of Grasses best suited for sowing on terraces, embankments and hillsides. These are varieties that produce long, strong, spreading roots, preventing heavy rains from washing them out and that will withstand drought, thrive on shallow soils, and at the same time produce a rich, velvety-green turf throughout the season. There need be no fear of introducing coarse Grasses into your lawn by sowing this mixture.

Price, transportation paid in the U. S., 50c qt.; \$1.65 for 4 qts.; \$3.00 pk, of 5 lbs.; \$5.75 per ½ bu. of 10 lbs.; \$11.00 bu. of 20 lbs.;

\$50.00 per 100 lbs.

# Seaside

Our "Seaside" mixture will make a good turf of green on sand where the finer Grasses are not so likely to thrive, though, of course, the sand must be top-dressed with not less than 2 inches of soil before even our "Seaside" Grass Seed is sown, to enable the young Grass to get a start, after which the long roots—peculiar to the varieties we use in this mixture-drive down deeply in the and and remain permanently self-sustaining, if attention is given to sprinkling during dry weather.

Price, transportation paid in the U. S., 45c qt.; \$1.45 for 4 qts.; \$2.50 pk. of 5 lbs.; \$4.75 per ½ bu. of 10 lbs.; \$9.00 bu. of 20 lbs.;

\$40.00 per 100 lbs

### SPECIAL STANDARD FORMULAS

#### Recommended by The New Jersey State Experiment Station

#### TOUGH TURF

#### For Tennis Courts, Croquet Grounds, Bowling Greens, etc

Several varieties are blended in the proper proportions to form and maintain a tough matted sward, constantly green, even in dry weather. These varieties of Grasses, being low-growing and fine-leaved, require to be sown liberally if a playing turf is desired quickly; not less than one quart should be used for 100 square feet, or six bushels per acre, although 50 per cent more may be used with advantage. Half that quantity will do for renovating. used with advantage. Half that quantity will do for renovating. This mixture has been used with great success at the Rumson Polo Fields, also at the Forest Hills Tennis Courts, the great sport centers for Tennis, and numerous other playing fields.

Price, transportation paid in the U. S., 45c per qt.; \$1.45 for 4 qts.; \$2.50 per peck of 5 lbs.; \$4.75 per ½ bu. of 10 lbs.; \$9.00 per bu. of 20 lbs.; \$40.00 per 100 lbs.

# Autumn Is the Best Time to Make or Renovate a Lawn The "HENDERSON" Lawn Grass Seed

Sown in the Autumn, produces Enduring Turf which will withstand Summer Droughts

We give full instructions for making new lawns or re-seeding old ones in our booklet, "How to Make a Lawn." This is enclosed on every package sent out by us.

For a long time we have urged the Fall planting of grass seed, for either making a new lawn, or renovating the old one, and year after year the results have shown the wisdom of following the natural way.

Grass seed planted in the Fall, germinates rapidly, and will attain a strong growth by the time frost comes. Even with the rigorous Northern winters there is very little danger of its being injured by the cold weather; in fact, our advice is not to protect it in any way.

Even before the frost is completely out of the ground, we find that the young grass responds to the first warm days. Weed seeds from the previous Summer will not start until weeks after the Fall-sown grass has become strong and vigorous enough to withstand their more rapid growth; in fact, if it has been planted thickly the grass will often crowd out the weeds.

Any lawn will be improved by a light sowing of the appropriate Henderson mixture during early September, together with an application of one of the Henderson fertilizers. You will find a list of our various grass mixtures for particular places on Page 30 and whether you are going to make a new lawn or reprovate the old, we strongly urge your doing so at once.

going to make a new lawn, or renovate the old, we strongly urge your doing so at once.

A copy of our pamphlet, "How to Make a Lawn" is sent with every package of the Henderson Lawn Grass Seed.

In the latitude of New York, the seed may be sown up to the

first of October, farther south later, and farther north up to about September first.

Price, 45c per qt.; 80c for 2 qts.; \$1.45 for 4 qts.; \$2.50 per peck of 5 lbs.; \$4.75 per ½ bushel of 10 lbs.; \$9.00 per bushel of 20 lbs.; 100 lb. lots and over \$40.00 per 100 lbs.

Transportation paid in the U.S.

White Clover. An excellent clover for lawns, makes a close compact growth, covering the ground like a carpet. It also prevents the washing out of soil during heavy rains. Thrives well on all soils. Price:  $\frac{1}{4}$  lb., 30c;  $\frac{1}{2}$  lb., 50c;  $\frac{1}{2}$  lb., 90c;  $\frac{1}{2}$  lb. lot at 85c per lb. Transportation paid in the U. S.

	For Reno	vating use	one-half	the above	quantities

#### HENDERSON'S LAWN ENRICHER AND TOP DRESSER

#### For New and Old Lawns, Athletic Fields, Golf Courses, etc. It is Odorless and Quickly Induces a Luxuriant Green Growth

The constant mowing of grass and removal of clippings also removes a proportion of digested plant food. Therefore, if the luxuriance of a lawn is to be maintained, it must be top dressed at least once a year with suitable fertilizer. The Henderson Lawn Enricher is a clean lawn dressing which never fails in inducing a rapid and rich green growth.

For forming a new lawn a 10-lb. package is sufficient to go over an area of 200 square feet, or 1,000 to 1,500 lbs. per acre, or a smaller quantity for reno-

vating an old lawn. Apply broadcast with machine or by hand as evenly as possible on a quiet day and preferably just before rain. If applied during the summer use half of the quantity and water in thoroughly with a hose.
